

Switching to EV at University of Salford

Road to Electric

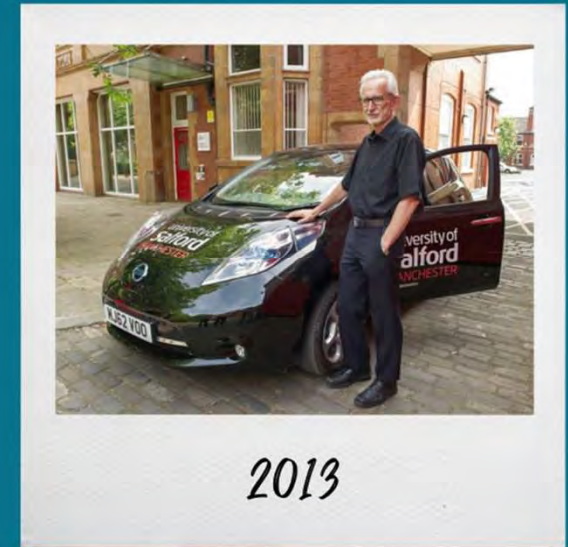

14th September 2021

Bec Bennett

Head of Environmental Sustainability

Our Original Fleet

- Small but mixed
- Low mileage
- Mainly campus based
- Older vehicles
- First EVs 2009

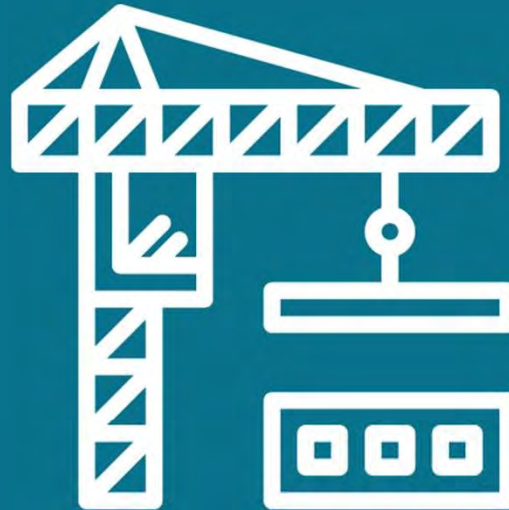

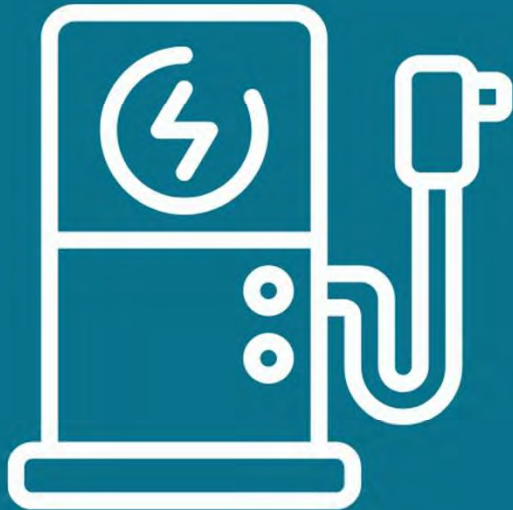

Our Business Case for EV

- Clean Air Zone
- Environmental Sustainability Plan
- Net Zero Carbon commitment
- Sustainable Reputation
- Relatively easy to deliver

Challenges

Current Fleet

- Five Electric Vans: ~20% fleet
- Two E-Bikes

Future Plans

- Zero/Low Carbon Replacement Policy
- E-Cargo Bikes
